

COVID-19 Response Measures for the Population and Housing Census

1. Overview

- Survey Target
 - All Koreans and foreigners who live within the Korean territory during the survey reference period, and their living quarters

- Survey reference date: November 1st, 2020 at 0 a.m.

- Survey period: November 1st – November 18th, 2020
 - Internet survey period: October 15th – October 31st, 2020

- Survey item
 - 55 items (45 items are filled out through on-site surveys and 10 items are replaced with administrative data.)

- Survey method
 - After internet surveys, in-person interviews are conducted through visit.

2. Covid-19 Response Plan

- As of now, there is no plan to make any changes to the 2020 population and housing census as the survey period is November 2020.

- We will strengthen promotion activities to expand the use of non-face-to-face survey methods (internet survey, phone survey).

- In preparation of difficulty in conducting in-person group training sessions, we will strengthen online training courses (from 170 minutes to 540 minutes).
